

NOTE!!
Designed for CH32V307, but both STM32F405/STM32F407 & STM32F730 should be possible to use, although some pins (pin 25-31) are on different locations, such as PC5 doesn't exist and PB0, PB1, PB2, PB10, PB11 shifted one pin down.

CH32V307 - No need to mount STM32F405 - No need to mount STM32F730 - Required (VCAP_1)

CH32V307 - Mount OR STM32F405 - Mount 4.7uF (VCAP_n) STM32F730 - Mount OR
